

## 1<sup>st</sup> Conference on Advanced Nanotechnology

**OCTOBER 21-24, 2004**

Washington, DC Area  
[www.foresight.org/conference](http://www.foresight.org/conference)

### ***CORPORATE SPONSORSHIP LEVELS***

#### **SILVER, GOLD & PLATINUM SPONSORS RECEIVE:**

- Thank you announcements by Master of Ceremonies at the beginning of the conference and during closing remarks
- Prominent signage featuring your corporate logo
- Opportunity to exhibit your company's literature
- Mention of your organization in pre-conference and post-conference email
- Links to your website from Foresight conference web page
- Recognition in an issue of *Foresight Update*
- Mention of your sponsorship in conference press releases
- Exhibit table at poster session

#### **SILVER SPONSOR \$2,500** (Additional benefits)

- One complimentary conference or tutorial registration
- Exhibit space on a table for company literature in the reception area

#### **GOLD SPONSOR \$5,000** (Additional benefits)

- Two complimentary conference or tutorial registrations
- One exhibit table for company literature in the reception area
- Assistance in promoting your company's presence at conference
- Single sheet company promotional flyer distributed with conference registration materials

#### **PLATINUM SPONSOR \$10,000** (Additional benefits)

- Exclusive sponsorship of Welcome Reception or Poster Session
- Three complimentary conference or tutorial registrations
- Two exhibit tables for company literature in the reception area
- Your corporate brochure distributed with conference registration materials
- Introduction to key researchers and investors to discuss business alliances
- 50 word description of your organization included in eNewsletter distributed prior to conference with link to your website
- Pre-conference email to attendees inviting them to your hospitality suite

# 1<sup>st</sup> Conference on Advanced Nanotechnology

**OCTOBER 21-24, 2004**

Washington, DC Area

[www.foresight.org/conference](http://www.foresight.org/conference)

## CORPORATE SPONSORSHIP

### Background

The 1st Conference on Advanced Nanotechnology: Research, Applications, and Policy is an important event for those interested in the Feynman goal for nanotechnology, including researchers, technologists, policy advisors, public interest representatives, investors, interested citizens, and those aiming at a career in the field. The Conference will provide a stimulating multi-disciplinary environment enabling broad exploration of this anticipated revolution in how matter is controlled. Abstracts will be accepted on a wide variety of topics -- from technological readiness, to anticipated applications, to public policy issues.

Unlike generic "anything under 100 nm" nanotech meetings, the 1st Conference on Advanced Nanotechnology targets the bottom-up goal of atomically precise molecular machine systems, enabling those focusing on this prospect to present their work to interested colleagues, facilitating new collaborations and potentially attracting attention from new sources of funding.

### History

Foresight Institute's conferences are the original venue for researchers and policymakers working in molecular nanotechnology. Foresight Institute was formed in 1986 and the 1st Foresight Conference was held in 1989. The first conference predated the National Nanotechnology Initiative by over a decade. In 2004, Foresight is launching a new meeting series on Advanced Nanotechnology: Research, Applications, and Policy. Attendee demographics are expected to roughly track those given below for the research conference series, but with additional representation from policy organizations, think tanks, government agencies (U.S. and other), and non-profits (NGOs).

ATTENDEE DEMOGRAPHICS	COUNTRIES REPRESENTED INCLUDE
34% Academic Researchers	United States
25% Corporations	Canada
17% Individuals	Great Britain
12% Government	South Korea
6% Fortune 500	Japan
3% Venture capital	Mexico
3% Legal firms	Netherlands
-----	Germany
72% Domestic	Israel
28% International	Australia
	Taiwan
	China
